Chennai,

07 Jul 2024

Dear Sir/Madam,

**Sub: Institutions enrolled for Capacity Building on Design and Entrepreneurship (CBDE)**

With the approval of the competency authority (Ministry of Education, Letter No. 1-9/2024-PN.II dated 01 Mar 2024, 21 Mar 2024, 7 May 2024, and 18 Jun 2024), we are pleased to announce the consolidated list of institutions enrolled for CBDE program at the end of the third call-for-proposals (Appendix-A).

CBDE is a key component of the Malaviya Mission Teacher Training Program (MMTTP) Scheme, and IITDM Kancheepuram is the nodal centre for coordinating its implementation. The Principal Investigators (PIs) and Co-PIs will be responsible for implementation of the CBDE program in their respective institutions as per the tripartite agreement signed by the institution, mentors and the nodal centre.

The PIs and Co-PIs may work with internal stakeholders to make necessary changes in the academic program, schedule, and identify faculty and students to participate in the program. They may also identify and facilitate interactions with external mentors, upto a maximum of 120 person days per year and for two years (2024-26), to enhance the capacity of faculty, students and the institution on design and entrepreneurship. The honorarium for mentors, upto a maximum of Rs 21.6 lakhs per annum and for two years, will be disbursed by the nodal centre to the mentors based on the reports submitted by the PIs.

The PIs and Co-PIs will also be responsible for managing the institute's contribution towards the CBDE program (as per the budget sheet in the agreement) and mobilize resources from industry partnerships to institutionalize the changes over a five-year period. The institutions may provide the necessary administrative support to the PIs/Co-PIs in implementing the CBDE program.
