Institution-Industry Cell

The Institution-Industry Cell continuous interaction between academia and industry which is the need of the hour. It provides a platform for both the students as well as faculty members to be aware of industry expectations of skill sets required for students.

NIFTEM-T has had close association with the top tier Food Processing Industries which plays a key role in its growth even as it draws on the institute for talent and joint research. IIC aims to bridge the gap between the institute and the industry and offer real time exposure on projects and other developments.
